About Haven, Yorkville's Medical Spa

Haven Medical Spa provides personalized anti-aging skin care with safe, natural results. Dr. William Fagman and our team of medical estheticians will customize your treatments to provide the results you are looking for. Our state-of-the-art facility utilizes the most advanced laser technology and medical procedures while providing a relaxing and rejuvenating experience. It is our mission to get your skin looking the best it possibly can.

Meet William Fagman, MD

Dr. Fagman's aesthetic eye has been honed by his 30 years of experience and expertise as a surgeon. Dr. Fagman has been using Botox to treat medical conditions for more than 20 years and he has a unique understanding of its effects and cosmetic benefits. Dr. Fagman earned his medical degree from Northwestern University Medical School in 1973 and completed his ophthalmology residency at Michael Reese Hospital where he served as chief resident in ophthalmology. Dr. Fagman achieved board certification in ophthalmology in 1979. He is a fellow of the American Academy of Ophthalmology, Member of the American Society of Cataract and Refractive Surgery and a Member of the Illinois Association of Ophthalmology.

Clarity Pro Skin Analysis

Clarity Pro is the latest in advanced skin analysis. Using cutting edge esthetic scopes and full face camera this state of the art analysis captures digital images in multi-spectral lighting. These images reveal information on and below the skin's surface layers. These assessments measure evenness of skin tone, severity of wrinkles, health of pores and extent of sun damage. This information allows us to choose appropriate treatments and products to get your skin looking its best.

This 30 minute session is included complimentary on your first visit.

Customized Facials

A beneficial treatment to help you relax while restoring your skin to its optimal health. Our medically trained aestheticians will customize this treatment based on your skin's needs.

Starting at \$125

Enzyme Treatment

Enzymes gently dissolve away dead skin, leaving your skin soft, smooth, and glowing.

Starting at \$100

Chemical Peel

A non-invasive procedure designed to promote cell growth while helping to diminish imperfections by gently peeling away the skin's top layers.

Starting at \$150

Medical Microdermabrasion

Microdermabrasion can help your skin readily absorb home care products, and improve your skin's elasticity, texture and tone, stimulate collagen production and cell turnover.

Starting at \$125

Dermaplaning

a safe and non-invasive way to help rejuvenate skin by removing dead skin cells. This treatment will reduce the visibility of acne scarring and wrinkling, as well as do away with vellous hairs on the face.

Starting at \$125

Roll CPT Facial Series

A cosmetic device that maximizes the penetration and effectiveness of active topical ingredients. At the end of the series the roller will be yours to keep for continued benefits.

Benefits include:

- Skin becomes thicker and healthier
- Fine lines and wrinkles are softened
- Pigmentation marks are reduced
- Scarring is reduced

Series of 6 \$800

Injectables

Botox, Radiesse, and Juvederm are safe and easy ways to increase tissue volume, reduce wrinkles, and improve skin's overall appearance.

Pricing based upon individual consultation.

Stretch Mark Treatment Package

Each customized package includes a minimum of three skin resurfacing laser treatments as well as three radiofrequency skin tightening treatments. In addition photofacial may be necessary to achieve best results.

Pricing based upon individual consultation

Accent Skin Tightening and Body Contouring

Experience a fast and easy treatment to get the tighter-looking skin you've been wanting. This revolutionary skin tightening regimen uses advanced radio frequency (RF) technology to non-invasively treat wrinkles and sagging skin on the face and body.

Pricing based upon individual consultation

AFT Photofacial

AFT is the next generation of intense pulsed light. AFT yields a more efficient short-pulse broadband light that eliminates imperfections such as redness, rosacea, superficial facial veins, and age/sun spots. AFT will leave you with more even, younger looking skin.

Pricing based upon individual consultation.

Pixel Laser

This non-ablative fractional skin rejuvenation treatment has become very popular, as it involves little or no downtime and delivers great results for wrinkles, acne and other scarring, and large pores and pigmentation issues. Pixel creates microscopic channels in the skin, causing the skin to regenerate and form new collagen, tighten skin and improve texture.

Pricing based upon individual consultation

Laser Hair Removal

Virtually painless permanent hair reduction that treats pigmented hair for all skin types, including tanned skin.

Pricing based upon individual consultation.

Intracutaneous Oxygen Treatment

Discover the latest skin care advancement for hydration and anti-aging benefits producing immediate, visible results with non-invasive techniques. Your skin will look and feel years younger, visibly lifted, tightened and hydrated.

Starting at \$200, Series of 6 \$1100

Laser 360

Rejuvenate your skin with Laser 360. It's an exciting new aesthetic laser treatment that combines three revolutionary technologies to deliver softer, younger-looking skin in just approximately 60 days. The Laser360 skin resurfacing and rejuvenation treatment reveals brighter, younger and healthier-looking skin, from the inside out. It treats fine lines, wrinkles, scarring, and discolorations from deep within the skin to give you a lasting new, revitalized look. This package includes a minimum of 21 treatments, skin care, and a foundation.

Pricing based upon individual consultation.

Haven's Acne System

A customized treatment protocol that addresses the specific needs of each patient's skin. Haven's acne system consists of 12-15 treatments including deep cleansing facials, acne laser, and photofacials.

Pricing based upon individual consultation

Products

Clarisonic - A revolutionary technology that removes 6 times more makeup, dirt, and oil from your skin than regular washing, allowing for better product absorption and smoother skin.

DermaQuest - All DermaQuest™ Skin Therapy products are developed, manufactured, packaged, and distributed from its own state-of-the-art facility in California. This allows them to control each step of the process and produce the highest quality results-oriented pharmaceutical grade products. DermaQuest offers product lines specific to different skin conditions including age management, acne treatment, hyperpigmentation, sun protection and more.

GliSODin - GliSODin Skin Nutrients is a professional nutricosmetic line dedicated to supplement your beauty regimen. Our products provide powerful antioxidants and nutraceuticals that promote and enhance longer lasting results from your medical aesthetic treatments and beauty programs. GliSODin selects only the finest ingredients for their products to guarantee strong and positive results for beautiful, healthy skin. This line includes plant based supplements that address your skin's health by using powerful antioxidants to help promote a brighter, clearer, more hydrated complexion. GliSODin also offers an advanced detoxification formula to flush out unnecessary toxins from your system as well as a slimming formula to help promote healthy weight loss.

Avene - This France based company offers a unique approach to help restore the skin's natural balance. It has been clinically proven by over 300 studies to calm, soothe and soften the skin. It can also be used for many dermatological conditions such as dermatitis, psoriasis, eczema, and is great post-laser.

Revision - Revision offers Teamine, the number one eye cream for dark circles, and Nectifirm, an exclusive advanced technology to firm and smooth the skin on your neck.
